

Instructions to download and install the CDIRM and other manuals to the flash drive from the Bureau of Communicable Disease Control and Prevention.

1. Download CDIRM\FIX.ZIP by right clicking on the link and selecting "Save target as..." Save it to your Desktop.
2. Insert the flash drive.
3. Open My Computer and right click on the flash drive
4. Select Format and when told it will erase all information on the drive, click OK.
5. When the format is complete, close the dialog box.
6. From the Desktop, double click on the CDIRM\FIX.ZIP file you downloaded previously.
7. Extract the contents of the zipfile to the flash drive.
8. The flash drive should now contain 3 folders and a file called Mainmenu.pdf.
9. Double click the Mainmenu.pdf file to access the manuals.

If you do not have a program to unzip the CDIRM\FIX.ZIP file, download a copy of 7-zip from sourceforge.net here:
